Describes organisational behaviour theories and concepts in the context of emerging workplace realities in Australia, New Zealand, Asia and neighbouring Pacific Rim countries. Includes CD-ROM and Maxmark card which gives students access to online test bank.

The 'fish book' has become a phenomenal success story. Primarily used as a 2nd year level text for students majoring in Management, the popularity and widespread use of the text has enabled us to gain further insight into developing this next edition to meet the needs of the market. Contemporary and Informed This text addresses contemporary topics in a depth that other textbooks have yet to achieve. Students are kept up-to-date with: Revised case studies and boxed features Daily OB news from around the country, through Press Gallery Updated coverage of concepts Written in clear, uncomplicated language The text has been commended for linking learning with work-related behaviour and its focus on essential concepts and smooth transition from theory to practice. Relevant and Engaging The examples are real, current and thought-provoking and relate to student's experience and interest. The book maintains a Pacific Rim focus whilst including international examples to ensure that students are exposed to OB on a broader scale.

This title engages students by bringing cutting edge organisational behaviour concepts closer to reality through the 'theory-practice link' approach. It connects theories to emerging workplace realities through hundreds of fascinating real-life stories from around the world.

Organizational Behavior [Essentials] 2e offers the same quality of contemporary knowledge, excellent readability, and classroom support that has made the hardback book by the same author team one of the best-selling OB books around the world - but in a smaller package. It applies four fundamental principles: linking theory with reality, organizational behavior for everyone, contemporary theory foundation, and active learning support. McShane and Von Glinow have sliced out the extended or secondary topics so students can drill down to what is really essential. Although this book is less than two-thirds the length of their comprehensive hardback textbook, it doesn't skimp on classroom support. In this era of active learning, critical thinking, and outcomes-based teaching, these supplements are becoming more 'essential' than ever.

Organisational Behavior, 7e by McShane/Von Glinow helps everyone make sense of Organizational Behavior, and provides the conceptual tools to work more effectively in the workplace. This author duo continue the trailblazing innovations that made previous editions of Organizational Behavior recognised and adopted by the new generation organisational behavior (OB) instructor. The McShane and Von Glinow product is acclaimed for:

Readability, presentation of current knowledge Linking OB concepts and theories with reality Strong International/Global orientation Contemporary Theory Foundation (without the jargon) Active Learning and Critical Thinking Support Textbook's philosophy OB knowledge is for everyone, not just traditional managers. Organizational Behavior, 7e is written in the context of these emerging workplace realities. This edition explains how emotions are the foundation of employee motivation, attitudes, and decisions; how social networks generate power and shape communication patterns; how self-concept influences individual behavior, team cohesion, and leadership; and how adopting a global mindset has become an important employee characteristic in this increasingly interconnected world. This book also presents the reality that organizational behavior is not just for managers; it is relevant and valuable to anyone who works in and around organizations.

M: Organizational Behavior, 4th edition by McShane and Von Glinow delivers essential OB knowledge in an accessible, student-focused style. Students learn the latest concepts and associated workplace practices, with real-world examples to demonstrate their relevance. This book builds on the strengths of the main textbook, including a strong literature foundation, excellent readability, meaningful exhibits, and a global representation of examples. Through Connect, students also have access to dozens of self-assessments and learning activities. Our most affordable offering, this book also adopts the view that OB is for everyone in organizations, not just for managers.

Delivering what we've come to expect from this author team, McShane/Von Glinow 6e helps everyone make sense of OB, and provides the conceptual tools to work more effectively in the workplace. In their new Sixth Edition, McShane and Von Glinow continue the trailblazing innovations that made previous editions of Organizational Behavior recognized and adopted by the new generation of organizational behavior (OB) instructors. The McShane and Von Glinow text is acclaimed for: □ Readability, presentation of current knowledge □ Linking OB concepts and theories with reality □ Strong International/Global orientation □ Contemporary Theory Foundation (without the jargon) □ Active Learning and Critical Thinking Support □ Textbook's philosophy-OB knowledge is for everyone, not just traditional managers. Organizational Behavior, Sixth Edition is written in the context of these emerging workplace realities. This edition explains how emotions are the foundation of employee motivation, attitudes, and decisions; how social networks generate power and shape communication patterns; how self-concept influences individual behavior, team cohesion, and leadership; and how adopting a global mindset has become an important employee characteristic in this increasingly interconnected world. This book also presents the reality that organizational behavior is not just for managers; it is relevant and valuable to anyone who works in and around organizations.

Overview: M: Organizational Behavior provides the essential OB knowledge to students in an accessible, student focused presentation. This text builds on the strengths of the main textbook, including a strong literature foundation, excellent readability, meaningful exhibits, global representation of examples, and presentation of both core and emerging topics. McShane/Von Glinow allows students to practice applying concepts via Connect.

Providing students with a commonsense approach to the solution of engineering problems and packed full of practical case studies to illustrate the role of the engineer, the type of work involved and the methodologies employed in engineering practice, this textbook is a comprehensive introduction to the scope and nature of engineering. It outlines a conceptual framework for undertaking engineering projects then provides a range of techniques and tools for solving the sorts of problems that commonly arise. Focusing in particular on civil engineering design, problem solving, and the range of techniques and tools it employs, the authors also explore: creativity and problem solving, social and environmental issues, management, communications and law, and ethics the planning, design, modelling and analysis phases and the implementation or construction phase. Designed specifically for introductory courses on undergraduate engineering programs, this extensively revised and extended second edition is an invaluable resource for all new engineering undergraduates as well as non-specialist readers who are seeking information on the nature of engineering work and how it is carried out.

Students receive a 16-week subscription for a reduced fee of \$8.25. Instructors receive a subscription along with access to Business Week's educational website that illustrates techniques to successfully incorporate business week content into the classroom.
